become the healthiest place in the UK**

Group/business membership

Leading Leicestershire and Rutland to become the healthiest place in the UK is an ambitious target, but one we want to work with you to achieve.

NHS Leicestershire County and Rutland is setting up a scheme to enable local people to work together to reach this aim and for them to have a say in how local NHS services are provided.

**be healthy,
be heard**

provides people with healthy living advice and support and an opportunity to comment on how £803 million is spent across local health services

Group/business membership gives you

- A scheme to provide your staff and members with information on healthy eating and lifestyles and how they can get involved in their local NHS community
- A way to increase your standing as a caring employer (if applicable)
- Opportunities to demonstrate to your customer base/users your support for employees, members and your local community
- Good local PR opportunities
- Publicity as a group member, published on our website and corporate literature
- An annual group membership certificate

Becoming a group/business member

We believe local organisations and groups can contribute greatly to the vision to become the healthiest place in the UK, and support your employees, members and local communities to live healthier lives.

What does group/business membership mean?

As a group/business member we would like you to:

- Promote membership through posters, intranets, leaflets and displays
- Offer 'be healthy' opportunities to your staff/members, with support from our local public health teams, such as healthy eating information and opportunities to take part in local walking groups
- Support local 'be healthy, be heard' events and promotions
- Offer concessional benefits to public members who live in your local community (if appropriate)

Please contact 0300 555 5345 if you would like this document in an alternative format such as another language, large print, Braille or audio tape
